Dear Tim,

Thank You from King's Arms Project!

On behalf of everyone here at King's Arms Project, I would like to thank J.M.Scully Ltd for kindly supporting us with a donation of £333.33. During June and July we are hosting a range of fundraising events towards our work with the homeless and disadvantaged called 'The Big Night Out'. Your support will help us to move forwards towards our fundraising target for this event.

We want you to know what a big difference this will make, and how it was such an encouragement to receive this support at the new Co-op Food opening in Bedford. It was so good to meet you there and to see the new store that you helped to open.

Your support will help us as develop our support to the homeless and disadvantaged across Bedfordshire. Last year we supported over 600 clients and saw up to 60% move into their own accommodation. We have been excited by the fact that some of our previous rough sleeper clients have now moved into their own accommodation after many years. We have also started to support refugees, launched a new low support house (The Hub) and developed our move on housing project.

Your support will help us to support countless others move into a place of safety and independence, free to achieve their aspirations.

Thanks again for your kindness and for supporting us so generously.

Best wishes,

Steve Westwood
Fundraising Officer
